## Welcome to the King's Head

Please feel free to sit back, relax and let your hair down as here at the King's Head we love children, and try to do everything we can to make it special for you and the little ones.

### High chairs, pushchairs and cushions

If a high chair hasn't arrived by the time you've sat down let us know and we'll get one straight to you, if you would like a table where you can have your pushchair next to you, we'll sort that out and if someone's bottom is uncomfortable we'll get you a cushion, all you have to do is ask and we will do our best to deliver!

### Babies

We are more than happy to heat baby food, but please give clear instructions on times and temperatures as our microwave is a commercial one and will take less time to heat through, also if you need some hot water for baby bottles let us know and we'll bring it to you as soon as we can.

Baby changing facilities are in the ladies toilets.

### Food

All food is made on site and cooked to order. If you would like the little ones food out first please let us know and we will try and get it to you as soon as we can.

### Happy children

To keep your children entertained there is a small collection of toys, so please ask for the toy box, and please treat them kindly so that others may enjoy them. We also provide children with colouring and crayons.

One small favour, if you are in the main bar we would prefer the little ones to move through to Georges' bar as it can get quite busy, and not always child friendly in the main bar after 9pm. Last of all have a lovely meal and anything you need just ask, we're here to help

Thanks  
King's Head Team
